

# Why invest in the UK?

The UK offers global businesses one of the best and most ambitious ecosystems in the world to grow innovative companies.

UK is a fantastic springboard to grow your business globally.

Openness and trust of government administration, local authorities and stakeholders towards business.

The UK Government has created the Global Entrepreneur Programme (GEP) to encourage ambitious founders to expand their enterprises from the UK.

**Triggo is a unique, fully electric vehicle**, thanks to its **innovative design** that combines the safety and comfort features of a car with the manoeuvrability and parking benefits of a scooter. A breakthrough in Triggo technology is the variable geometry chassis, which allows you to drive in **two modes: cruise mode for high-speed stability and manoeuvre mode, where the vehicle efficiently manoeuvres in traffic jams** and takes up very little parking space. Its features make it ideally suited to the upcoming new urban mobility services.

The project is **a response to the growing demand for future-oriented services** of means of **transport sharing and electromobility** in the largest European, Asian and American metropolitan markets.

## 40

## Eco-friendly

Triggo's unique design is guarded by over 40 patents granted in all critical markets, including China, the USA, Korea, Japan, and the EU – inhabited by a total population of 4 billion people!

Triggo is powered by a fully electric drive and thanks to its lightweight design provides far more energy-efficient zip around crowded cities unmatched by well-established, full-scale cars!
